

WHATCAR? WHAT TYRE? GUIDE

Want to upsize your tyre? Make sure you choose the right size.

Tyres are one of the most important parts of a car. Their small surface contact area with the ground, the size of a fist, belie their effect on the car's safety and performance. Therefore changing your tyres is one of the simplest methods of improving your car's performance. Car manufacturers have to balance performance, economy and comfort. These tyres have to be like jacks of all trades. If you are looking for a performance oriented tyre, upgrade your tyre.

	STANDARD SIZE	VEHICLE	UPSIZE	INCH-UP + 1
13"	145/70R13 Acelere	Wagon R, Zen(old), Matiz, Zen Estilo Lx/Lxi	155/65R13 Acelere 175/60R13 Acelere
